RE: Free Broadband for our Community: Docket # 07-16

~~Dear~~ Chairman Martin:

The **City** of Grand Terrace is a small tight-knit community in San Bernardino County. We pride ourselves on providing quality services to the families who reside in **our City**. However, informing the community about all of the services we offer is sometimes a challenge.

The Internet ~~is~~ one ~~of~~ the best ways we can reach out to our residents and educate them ~~on~~ important issues such as upcoming public meetings, special events, recreational programs and public safety announcements. **Unfortunately**, not everyone in our community has access to the Internet. M2Z's approach for providing free Internet to the vast majority of Americans will greatly enhance our **City's** ability to communicate **effectively** with our residents. I strongly urge **you** to approve M2Z's proposal.

Sincerely,

Steve Berry
Assistant **City** Manager, **City** of Grand Terrace
